Principal's Report (Katie Berg)

- Family Math Night was a success
- Movie Night - thank you to all volunteers and attendees, special thanks to MEF
- Moreland School District is getting ready to write completely new Strategic Plan
 - Every site will have a Strategic Plan meeting for community members to join - details will be coming to you soon
- Parent Teacher Conferences in November
 - Links to resources in the slides, including:
 - Tip sheet on how you can prepare before the conference, what questions to ask, and next steps after the conference

- Explanation of report card
- Common Core State Standards
- Reminder about the ways we assess students:
 - iReady Diagnostic system now being used at Payne. Through this new system, parents will get to see the scores during Parent Teacher Conference. Note: In most cases, iReady Diagnostic was given in August/September, so the teacher's report card will be the most up-to-date assessment about where your child is at with their learning
 - Fountas & Pinnell Reading Level: Student reads to the teacher and the teacher scores based on how they do, what mistakes they make, etc. They also assess comprehension of the text.
 - Plus the usual Classroom Formative & Summative Assessments
